

01 / ABOUT & SKILLS

Utsav Patel

Aspiring data scientist | Delhi

Student | AI | German A1 | Python

Hey! I'm Utsav, an AI enthusiast with a strong interest in technology and philosophy. I enjoy reading books, exploring new ideas, and constantly learning new skills. I'm currently learning Python and have previously worked with JavaScript. I've also participated in two hackathons and secured second place in one of them.

Education

Class 12 - PCM + Full-Stack Development
DBRA SOSE, Raj Niwas Marg

Currently learning

Python / Class 12 PCM / Coding / Full-Stack Development

Skills & languages

Technology

AI / Python - currently learning / Firebase / JavaScript - previous experience

Creative & communication

Canva / Social media management / German - A1 certified

Languages spoken

English / Hindi / German / Punjabi

How I approach things

Curious / Creative / Eager learner / Team player

Outside the work

"He who has a why to live for can bear with almost any how."

02 / SELECTED WORK

Built from curiosity.

4 working projects spanning science, language learning, education and student wellbeing. Every project link is clickable.

01 / SCIENCE / INTERACTIVE EXPLORER

Atomic

An interactive atomic-structure explorer with all 118 elements, electron orbital and shell views, and adjustable isotope and ion models.

Focus: 118-element periodic table / Electron orbitals and shells / Isotope and ion controls

[Open project - https://atomic-49b2a.web.app/](https://atomic-49b2a.web.app/)

02 / LANGUAGE LEARNING / GAME

German Vocabulary Shooting Game

An interactive vocabulary game where the player shoots the correct German word.

Focus: German vocabulary / Interactive word practice

[Open project - https://devocabgame.web.app/](https://devocabgame.web.app/)

03 / EDUCATION / WEBSITE PROTOTYPE

Prototype School Website

A prototype website created for DBRA SOSE, Raj Niwas Marg, as part of my practical web development work.

Focus: School website / Practical web development

[Open project - https://dbracmshrirnm.web.app/](https://dbracmshrirnm.web.app/)

04 / STUDENT WELLBEING / WEBSITE PROTOTYPE

Soul Speak Circle

A prototype website for Soul Speak Circle, a counselling startup focused on students.

Focus: Student-focused counselling / Website prototype

[Open project - https://soulspeakcircle-da11d.web.app/](https://soulspeakcircle-da11d.web.app/)

03 / JOURNEY & CONTACT

Learning by doing.

Experience

Social Media Manager Intern | Soul Speak Circle

Working with a student-focused counselling startup and supporting its social media presence and content.

School Website Development | DBRA SOSE, Raj Niwas Marg

Building a prototype website for my school as part of my practical web development work.

Achievements

- 2nd Prize in a hackathon
- Participated in a zonal-level slogan writing competition
- Mental Math achievement

Certifications

- German A1 Certification
- Python Certificate - Kaggle
- AI Certification - Google
- AI Certification - Kaggle
- Two Hackathon Participation Certificates
